

Name: HESHAM ELSAYED MOHAMED ELHAZEK

Referred By:

Gender: Male

Age: 57 Years

Passport No.: A28160371

Patient Code: 487947

Sample collection: 2022-05-31 00:00

Result Date: 31-05-2022 17:32

MOLECULAR BIOLOGY

Covid 19 PCR

Test	Result	Normal Range	Status
Covid 19 PCR	Negative	Negative	Normal

Comment : N.B: Test is based on Real-Time PCR technology, for the qualitative detection of lineage B-betacoronavirus (B-BCoV) and severe acute respiratory syndrome coronavirus 2 (SARS - CoV-2) specific RNA. It is intended to be used as an aid for diagnosis individuals with signs and symptoms of coronavirus disease (COVID-19) in conjunction with clinical and epidemiological risk factor. This CE approved, RT-PCR includes internal control and positive control for both targets. B-BCoV and SARS- CoV-2
